# CarboNostrum Blended Course

## Pilot Action Selection Results

1

The CarboNostrum Pilot Action is an implementation-related activity dedicated to testing a new course to evaluate its effectiveness, efficiency, and applicability to the trainees' specific training needs and subsequently potentiate climate-smart agriculture and a sustainable and fair future.

The objective of the Pilot Action Selection Results was to enroll a total of 35 participants - 7 learners from each partner country | Portugal, Spain, Italy, Greece, and Türkiye, to attend the face-to-face (F2F) training of the CarboNostrum Blended Course (Greece, from 19th to 26th November 2023).

90 candidates started the registration in the form made available for the selection process. 24 fulfilled the form registration, 1 from Portugal, 1 from Greece, and 22 from Spain. 48 registrations without personnel information and 18 registrations without completing the form.

For the registrations duly completed it was applied the criteria stated in the Selection of Participants of the [Requirements section](#) of the CarboNostrum HUB and in the table below are presented the results per country.

The selected candidates will be contacted in September 2023 to sign a Trainee Contract to formalize their participation in the CarboNostrum Blended Course. In case of withdrawal, the 1st candidate on Reserve List is invited to enroll in the F2F training in Greece. All the candidates in the Reserve List will be contacted to attend the online part of the CarboNostrum Blended Course.
